

Windows of Opportunity the Holiday Edition
A Silver Spoon Celebration with Gordon Deppe of The Spoons

Nov 4, 2014 – London, Ontario

Habitat for Humanity Heartland Ontario announces the third annual Windows of Opportunity the Holiday Edition to be held on Nov 21, 2014.

Windows of Opportunity engages artists, business owners and other members of the community, and challenges them to take an item like a door or window from the Habitat for Humanity ReStore and turn it into a piece of art or furniture for the home, office or garden. All refurbished pieces are displayed and auctioned off in support of Habitat for Humanity's build program.

Watch artists create live stained glass pieces for auction with participants from Sunrise Stained Glass and wood turning by the Thames Valley Woodturners Guild, and a painting of ***Gordon Deppe of The Spoons*** by Sylvie Verwaayen. Also, a custom gingerbread house will be constructed on site by Chef Stephanie Brewster of the Food Network's "***Chopped Canada***" throughout the event! Also this year, handmade Christmas decorations will be available for purchase.

ReStores fund all administrative costs of Habitat and are building and household supply stores run by Habitat for Humanity affiliates that accept donations for resale of new and gently used home improvement and renovation materials that would otherwise end up in landfills.

Enjoy a cocktail reception and auction of most unique items, and meet 80's Hit-Maker ***Gordon Deppe of The Spoons*** as he performs at the event. Delicious hors d'oeuvres created from a seasonal, locally produced menu at the Delta London Armouries round out the evening.

"This is fantastic timing to kick off the holiday season and pick up some one of a kind gifts", said Jeff Duncan, President and CEO of Habitat for Humanity Heartland Ontario, "Windows of Opportunity has become an annual event that the community looks forward to, and we are very excited to welcome ***Gordon Deppe of The Spoons*** to be our special guest for the evening!"
