

## Brianne and Brayden

Brianne is a single mother taking care of her 14 year old son Brayden and trying to save for the future. Brayden is severely disabled and uses a wheelchair but their current home is not accessible. Brianne is finding it more difficult to transfer Brayden between rooms and tending to his daily needs such as bathing. It is very taxing on her body and she relies on other family members for help.

Brianne and Brayden enjoy being outside, swimming and spending time with friends and family. They also share a love of animals.

According to Brianne, "Owning my own home means stability, being able to keep my son with me longer, knowing I can safely transport my son without struggling and hurting myself."

Thank you for supporting Brianne and Brayden's growing sense of strength, stability and self-reliance.
