

Jodey and Adalton

Jodey was born and raised in London Ontario. For Jodey family has always been her first priority, she has been a busy single working mom and the sole provider for her 17-year-old son Adalton for 8 years.

Adalton is also very ambitious, having worked part time for the past 3+ years as well as being very involved with school, community and sports all of his life, thanks to the help and support of his grandparents.

Adalton is an honour roll student, serves on Student council, takes part in local charity/fundraising events and has recently accepted an offer to Brock University with scholarships for academic achievement. He has been invited to train and possibly join varsity rowing at Brock thanks to the training he has received locally at the London Rowing Club.

Adalton intends to pursue a degree in Sports Management with the hopes of possibly working locally with the London Lightning one day! Jodey has worked hard to provide for her family. However, with a single income the need to be tightly budgeted in order to cover the cost of housing and life essentials had made homeownership seem impossible to attain.

Due to life circumstances, Jodey has depended on co-operative and not-for-profit housing in order stay within her budget, but always hoped that one day she and Adalton would be able to enjoy a home of their own!
